

## August 2022 Update

We're pleased to report that we have now welcomed a second resettled family to Louth. The family arrived in mid July and they are currently getting settled in. Thanks go to all those who have contributed to arrival and welcome preparations, including recent generous donations from several individuals, from Louth Lions and from Lincolnshire Community Foundation – all these contributions are very much appreciated, thank you.

We are appealing for the donation of a bike suitable for an eight year old girl. If anyone can help with this, please reply to this email or get in touch using the [contact form](#) on our website.

Finally we think supporters may be interested – and very encouraged - to read an interview with one of the members of the resettled family who arrived in Louth in 2020, just before the first pandemic lockdown. This has now been published on the website of 'Reset' – a national refugee support charity. You can find the interview at <https://training-resetuk.org/resettlement/experts-by-experience-nours-experience-of-life-and-education-in-the-uk/>
